

Grades 3 - 6 Student Learning Map Visual Arts

name _____

grade _____

teacher _____

I begin with the Visual Art "mile markers" closest to the center of the Spiral. As I learn Visual Art skills, I will highlight them and move through the mile markers towards the outside of the Spiral. Highlighting my progress shows which skills I have experienced and which ones I've practiced to deepen and broaden my abilities. Looking at my progress from the center to the outside of the Spiral is a good indicator of where I am in my studies of Visual Art.
